PRINCIPAL'S MESSAGE

Greetings to one and all on behalf of DAV fraternity.

"Education is never complete without one's own initiative to grow into a complete person."

Maharshi Dayanand Saraswati

Today the role of a school is not only to pursue the academic excellence but also to motivate and empower the students to be lifelong learners, critical thinkers and productive members of an ever-changing global society. Converting every individual into a self-reliant and independent citizen, for this our school provides an amalgam of scholastic and co-scholastic activities. Education is a shared commitment between the dedicated teachers, motivated students and enthusiastic parents with high expectations.

Today the world is changing at such an accelerated rate and we educators need to pause and reflect on this entire system of education. To motivate the late bloomers, to mould the mediocre and to challenge the gifted is the teaching notion. Providing good quality modern education including a strong component of cultural values, moral education, moral values, environment awareness and physical education to children is the main motto of our school.

It's the teacher who converts the desire of child into his/her destiny through proper guidance, right direction, dedication, and makes child devoted with full of confidence, positive energy, dedication to achieve his/her desire in life. We the entire crew of TATA DAV PUBLIC SCHOOL SONADIH will not leave any single stone unturned to explore and excel our students in every sphere of life.

It is rightly said that every effort is not converted into success. But it is equally true that success does not come without efforts. Children, you are living in a dynamic, global world and to keep pace with this fast changing scenario you need to develop a broad perspective which, even while incorporating the latest developments will not take you away from your rich cultural and traditional heritage. Standing on the threshold of the future, what you need to groom yourselves as punctual and organized individuals who know and appreciate the value of time.

We are proud of our school and encourage you to use this tentative ALMANAC to be updated with the activities to be conducted for your wards ,in different categories. You can visit our school website: www.davsonadih.com OR Email Id: davsonadih@gmail.com for any communication.

With Best Wishes.

Principles Of The Arya Samaj

1. Of all true knowledge and whatever is known from knowledge, the primary cause is the Highest Lord i.e., GOD.
2. GOD is existent, intelligent, and blissful. He is formless, omnipotent, just, kind, unborn, endless, unchangeable, beginningless, unequalled, the support of all, the master of all, fearless, eternal, holy and the creator of the universe. He alone is worthy of worship.
3. The VEDAS are the books of all true knowledge. It is the paramount duty of all Aryas to read them, to teach them, to hear them, and to preach them.
4. One should always be ready to accept truth and give up untruth.
5. Everything should be done according to Dharma, that is after considering what is truth and what is untruth.
6. The chief object of the Arya Samaj is to do good to the world, i.e., to promote physical, spiritual and social good of every human being.
7. We should treat all with love and justice according to the dictates of Dharma.
8. We should dispel ignorance and spread knowledge.
9. One should not be content with one's own welfare alone, but should consider the progress of all as one's own.
10. Everyone is bound in obeying social and all-benefiting rules, but is free in matters pertaining to individual well-being.
